20.1.3 The Backward Looking Termination for Convenience Amount shall be calculated as follows (calculated at the Early Termination Date and without double-counting):

Tags: Backward Looking, Calculation of Equity, **Compensation on Termination**

An amount which, upon the Early Termination Date, is added to all Distributions described in clause (a) of the definition thereof actually paid to Equity Members or their Affiliates on or before the Early Termination Date, gives an internal rate of return on Committed Investment described in clause (a) of the definition thereof (taking into account the timing of such Distributions and Committed Investment), equal to the Initial Equity IRR; plus
